WELCOME

As the Principal of Talent International Institute (TII), I am proud to introduce you to our vibrant and dynamic educational community. Established in 2003, TII has rapidly gained recognition for its commitment to excellence in education, achieving the prestigious NZQA Category One status.

Located in the heart of Christchurch City, TII offers a diverse range of programmes designed to meet the evolving needs of both international and domestic students. Our academic offerings include comprehensive English language courses and diploma programmes in Construction, Quantity Surveying, and Information Technology. In addition, we provide specialised programmes aimed at enhancing job skills and offering alternative education pathways for local students.

Our affiliation with Huadu International, our esteemed parent company, enables us to offer outstanding campus facilities that support a conducive learning environment. We are dedicated to helping our students achieve their educational and career goals, and we invite you to explore the opportunities that await you at TII.

Ngā mihi nui - Best Regards

Gary Taylor

General Manager and Principal
Talent International Institute

NEW ZEALAND

5.1
million population

2ND
most peaceful country in the world

+3.7%
GDP growth in Christchurch

New Zealand is renowned for providing a world-class education in a safe, welcoming environment, making it an ideal destination for international students.

Ranked among the top 3% of universities globally, all New Zealand universities deliver high-quality education, with a strong emphasis on student-centered learning and innovative teaching practices. With its holistic approach to education, New Zealand prepares students not just academically but also for future careers, encouraging critical thinking and hands-on experience across various fields.

Beyond its academic strengths, New Zealand offers an unparalleled lifestyle, surrounded by breathtaking natural beauty. Whether you're exploring the stunning landscapes of mountains, beaches, or forests, New Zealand allows students to enjoy an active, healthy lifestyle alongside their studies. Ranked as the second most peaceful country in the world, international students are welcomed into a diverse, inclusive community, with the opportunity to work part-time while studying, making New Zealand an excellent place to both study and live.

ŌTAUTAHI CHRISTCHURCH

The largest city in the South Island is an ideal destination for international students seeking a vibrant and diverse environment. Known for its rich cultural diversity, the city is home to a growing international community, making it a welcoming hub for students from around the world.

With a blend of historic architecture and modern developments, Christchurch offers a unique study experience within a city that's both forward-thinking and deeply connected to its natural surroundings.

2ND
largest city in New Zealand

400,000
population in Christchurch

15%
cheaper than living in Auckland

The city is bisected by the picturesque Avon River and is a gateway to the spectacular Southern Alps, which are only a short drive away. This provides a perfect balance for students who want to explore the great outdoors while studying in one of New Zealand's most exciting and innovative cities.

740+
parks including Hagley Park

365+
walking and hiking tracks
within easy reach

19MIN
average commuting time

Christchurch is an innovation hub, particularly in the tech, health, and environmental sectors. The city is a leader in sustainable practices and is home to a variety of high-tech industries and research institutions, providing students with numerous opportunities for internships and networking. Whether pursuing a career in technology, construction, or healthcare, Christchurch's strong industry connections ensure students can seamlessly integrate into the local workforce and gain valuable practical experience.

WHY CHOOSE TII?

Category

ONE

approved provider

OCES

Recognised by the Chinese Ministry of Education through CSCSE

Talent International Institute (TII) stands out as a premier choice for students seeking a transformative education in New Zealand. Here are the key reasons why TII should be your top selection.

NZQA CATEGORY ONE STATUS

TII is recognized for its excellence in education, holding the prestigious NZQA Category One status. This ensures the highest standards of teaching and student support.

STRATEGIC LOCATION

Situated in the vibrant heart of Christchurch City, TII provides students with access to a bustling urban environment, rich in cultural experiences and professional opportunities.

COMPREHENSIVE PROGRAMMES

TII offers a wide range of programmes, including English Language courses and diplomas in Construction, Quantity Surveying, and Information Technology. These programmes are designed to equip students with the skills needed to excel in their chosen fields.

EXCELLENT CAMPUS FACILITIES

Supported by our parent company, Huadu International, TII offers modern, well-equipped campus facilities that provide an optimal learning environment for students. The campus features a state-of-the-art student gym, a dedicated dance studio, and a 108-seat lecture theatre. With more than 11 classrooms, each accommodating between 15 to 35 students, TII ensures both comfort and effective learning spaces. Located in the heart of the city, our campus combines convenience with world-class amenities, fostering an ideal educational experience for students.

INDUSTRY CONNECTIONS

TII's strong ties with industry leaders ensure that our programmes are relevant and up-to-date, providing students with practical knowledge and networking opportunities that are crucial for career success.

FLEXIBLE LEARNING OPTIONS

With flexible start dates and a student-centric approach, TII makes it easy for you to tailor your education to fit your lifestyle and career goals.

New Zealand DIPLOMA IN CONSTRUCTION (CONSTRUCTION MANAGEMENT)

This qualification provides a comprehensive understanding of construction project management, including planning coordinating, and supervision of construction processes from start to finish.

LEVEL 6

NZQA qualification

240

credits

2 YEARS

full-time study

FEB, JUL, OCT

intakes*

Students visiting a historic restoration site

This qualification covers essential skills in contract administration, site management, and construction technology, enabling students to take on roles such as Assistant Construction Manager, Site Supervisor, Project Coordinator, or Contract Manager.

Throughout the programme, students benefit from student membership with the New Zealand Institute of Building (NZIOB), giving them access to professional development, industry-specific resources, and networking opportunities with experienced professionals. Students will also gain practical exposure through local construction site visits and guest lectures from industry experts, ensuring they are well-prepared for the workforce.

In the final semester, students complete a 136-hour practical work component, gaining hands-on industry experience. Graduates of this program are well-positioned to enter construction management roles and grow into senior positions across residential, commercial, and industrial sectors.

This qualification is also listed on New Zealand's Green List of skill shortages, meaning graduates are highly sought after. Additionally, graduates can apply for a two-year post-study work visa, offering valuable opportunities to gain further experience and build a career in New Zealand's thriving construction industry. Graduates who wish to continue their study can enrol at Massey University and enter the Bachelor of Construction with advanced standing of 165 credits.

PATHWAY AND FURTHER STUDIES

165
credits transfer

TII has an agreement with Massey University whereby quantity surveying graduates can transfer 165 credits across to Massey's Bachelor of Construction and complete this qualification within a further 18 months.

The New Zealand Diploma in Construction (Quantity Surveying) offers a robust foundation in construction economics, cost management, and building law.

Upon completion, graduates can pursue careers as assistant Quantity Surveyors, Cost Estimators, or Project Managers, with opportunities to work in diverse sectors such as residential, commercial, and infrastructure projects. Quantity Surveyors are in high demand, ensuring a promising career path with opportunities for progression to senior roles in construction management and consultancy.

New Zealand DIPLOMA IN INFORMATION TECHNOLOGY (TECHNICAL SUPPORT)

This diploma provides students with critical skills in IT, focusing on technical support, computer networking, and cybersecurity. Graduates are well-prepared to troubleshoot IT issues, manage network systems, and support users, ensuring they can thrive in the rapidly evolving technology sector.

Software Engineering Fundamentals
Programming Principles
IT Professional Practices

This one-year program equips students with the essential skills and knowledge needed to succeed in various IT roles. Covering core disciplines such as computer networking, technical support, cybersecurity, and database administration, the program ensures that graduates are well-prepared for entry-level positions or to pursue further studies in IT.

The curriculum emphasizes hands-on learning, offering practical experience through real-world projects. Students gain valuable exposure to topics like IT support, service management, cloud solutions, and web design. This practical approach helps students develop problem-solving skills and prepares them to tackle industry challenges effectively.

Graduates will also be well-positioned to pursue industry-recognized certifications, including CompTIA A+, Cisco CCNA, and ITIL Foundation. These certifications, combined with the solid foundational skills taught in the program, enhance graduates' employability and open doors to a variety of roles in IT, including network administration, technical support, and cybersecurity.

ENTRY REQUIREMENTS

Academic requirement

Minimum requirements include a high school diploma, followed by an online interview. Alternatively, preferred qualifications consist of one year of tertiary study in IT or one year of relevant industry work experience.

English language requirement

Project Design and Control

And either

Wireless Networking

Routing and Switching

Or

Identity and Access Management

Server Virtualisation

The curriculum offers in-depth training in advanced networking and systems administration, covering the configuration and management of complex networks, firewalls, and security protocols. Students will also gain expertise in cloud computing and virtualization, working with platforms such as Microsoft Azure and AWS to manage cloud solutions and virtualization technologies essential to modern IT environments. A strong focus on cybersecurity ensures that graduates can secure infrastructures, manage risks, and protect data from threats.

The program includes extensive hands-on labs and real-world projects, allowing students to apply their learning in practical settings and develop a portfolio showcasing their technical abilities. Graduates are well-prepared for advanced IT roles like Network Administrator, Systems Engineer, or IT Infrastructure Manager, and can also pursue further studies such as a bachelor's degree in Information Technology or related fields.

At TII, the relatable courses are easy to understand, and the teachers are quick to solve problems. The central campus with great facilities offers a value-for-money education with practical and theoretical knowledge.

week programme

NON-IELTS

pathway

NEW ZEALAND CERTIFICATE IN ENGLISH LANGUAGE (LEVEL 3)

The New Zealand Certificate in English Language (Level 3) is a comprehensive 18-week programme designed to enhance students' practical communication skills in listening, speaking, reading, and writing.

This qualification is ideal for students preparing for further education or vocational training in English-speaking environments.

The programme focuses on the practical application of English, developing proficiency across listening, speaking, reading, and writing skills.

LEVEL 3

NZQA qualification

18

week programme

60

credits

The program includes 14 pieces of assessment, ensuring that students steadily build their language proficiency throughout the course. Upon successful completion, graduates are well-prepared for academic study at Level 4 or higher.

Non-IELTS Pathway: This course serves as a non-IELTS pathway, allowing students to meet the English language entry requirements for tertiary programmes that typically require an IELTS overall score of 5.5. It offers an excellent alternative for students seeking to progress into further academic studies without needing to sit for the IELTS exam.

Entry requirement: an IELTS overall score of 5.0 or equivalent.

NEW ZEALAND CERTIFICATE IN ENGLISH LANGUAGE (LEVEL 4)

The New Zealand Certificate in English Language (Level 4) is an intensive programme aimed at advancing students' English proficiency to meet academic and professional standards

Over the course of 18 weeks, students will complete 14 assessment pieces covering various aspects of the English language, including reading, writing, listening, and speaking. The curriculum is designed to build students' confidence and competence in understanding complex texts, constructing well-organised essays, and participating effectively in discussions and presentations.

LEVEL 4

NZQA qualification

18

week programme

60

credits

Importantly, this qualification is a recognized non-IELTS pathway programme. Successful completion of this Level 4 certificate is recognized by universities and all tertiary institutions in New Zealand, enabling students to progress to higher-level qualifications such as diplomas or degrees without the need for additional English language testing.

Entry requirement: an IELTS overall score of 5.5 or equivalent.

*both programmes are currently subject to approval and intake dates are to be confirmed

CERTIFICATES OF ENGLISH PROFICIENCY FOR ACADEMIC PURPOSES

The Certificates of English Proficiency for Academic Purposes is designed to help students of varying skill levels improve their English language abilities. This programme is structured across four levels, each tailored to progressively build students' proficiency in English, equipping them with the skills needed for academic success in higher education.

I love the central location and modern facilities, and everyone here is supportive and helpful.

PROGRAMME STRUCTURE

LEVEL 1

Elementary: focuses on foundational English skills, including basic grammar, vocabulary, and simple communication.

LEVEL 2

Intermediate builds upon these basics, enhancing the students' ability to engage in more complex conversations and understand more detailed texts.

LEVEL 3

Upper intermediate: emphasizes the development of academic English, introducing students to the type of language and writing needed for tertiary studies, and includes IELTS/PTE preparation study.

LEVEL 4

Advanced: prepares students for full academic immersion, ensuring they can effectively participate in discussions, understand advanced academic texts, and produce well-structured essays, and includes IELTS/PTE preparation study.

MORE INFORMATION

The programme offers flexible start dates to accommodate students' schedules and includes 25 hours of classes per week, ensuring comprehensive language instruction.

Classes are small in size and are designed to help students develop a strong English foundation for further study, employment, and everyday life in New Zealand.

Our classes are relaxed, and friendly, with a high level of student support. Students are tested every six weeks so students can see how they are progressing in their studies and seek feedback from teachers.

Additionally, students enrolled for 14 weeks or more are eligible for in-study work rights, allowing them to work part-time while studying.

CERTIFICATE IN ACADEMIC CRITICAL DISCOURSE

This certificate develops essential critical thinking and academic writing skills, enabling students to analyse complex texts and construct well-structured arguments.

LEVEL 4

NZQA qualification

60

credits

26 WEEKS

full-time study

JUL, NOV

intakes*

*refer to website for dates

This programme has been particularly successful in preparing foreign nursing students for the Occupational English Test (OET), helping them meet the language requirements for professional practice.

Through this course, students will enhance their abilities in reading critically, constructing evidence-based essays, and engaging in thoughtful academic discussions. The programme is ideal for students preparing to undertake further tertiary studies in English-speaking academic environments, providing a strong foundation for advanced qualifications.

ENTRY REQUIREMENTS

English language requirement

An overall IELTS band of 5.5, a PTE overall score of 43, or a TOEFL IBT overall score of 46 with a minimum of 14 in writing.

SHORT-TERM HOLIDAY PROGRAMMES

At Talent International Institute (TII), we offer tailored short-term holiday programmes designed to give international students an immersive and enriching experience in New Zealand.

Our programmes, ranging from 1 to 4 weeks, combine English language study with cultural activities and sightseeing, providing students with a perfect balance of education and adventure. Participants can choose between hotel or homestay accommodation, ensuring a comfortable stay that suits their preferences.

1-4
weeks programme

8+
group size

Our holiday programmes are fully customizable to meet the specific needs of our clients, whether they are looking for intensive language learning or a lighter schedule with more focus on cultural exploration. Past participants have come from Korea, China, and Japan, with group sizes ranging from small class visits to larger tours. There are no restrictions on group numbers, making these programmes accessible to a wide range of participants.

In addition to language classes, students enjoy guided tours of New Zealand's stunning landscapes and local attractions. TII's expertise in coordinating all aspects of the programme, including meals, transportation, and cultural experiences, ensures a seamless and memorable visit. We work closely with clients to create fully costed, customized itineraries based on their group's needs and preferences.

Let TII create the ideal holiday programme for your group and experience the best of New Zealand's language, culture, and hospitality.

I learned a lot from this holiday programme. My favourite place was the Antarctic Centre, especially the cold room experience. I also like cooking with kiwi students—it was hard but memorable. Everything was a good experience.

~ Hanna Sasajima, Japan (Short-Term Holiday Programme)

DOMESTIC PROGRAMMES

At Talent International Institute, we are dedicated to delivering education that equips learners with the skills and support they need to succeed.

Our domestic programmes focus on providing practical training and alternative education pathways to help individuals enhance their employability, academic performance, and personal growth. From workforce readiness through Skills for Industry (SFI) to tailored education support for students in Pūmanawa and the Study Support Centre (SSC), TII's programmes are designed to empower learners to achieve their full potential, supported by strong industry connections and a commitment to excellence.

Students in SFI programme

SKILLS FOR INDUSTRY (SFI)

Our specialist SFI programme is designed for New Zealand residents aiming to re-enter the workforce. It equips participants with essential work skills for roles in corporate, administrative, and office settings. Supported by the Ministry of Social Development (MSD), the course offers training and resources to ensure learners are job-ready.

Since August 2021, Talent International Institute (TII) has delivered the MSD Skills for Industry programme, with a focus on placing graduates into full-time work. Our strong industry connections enhance employment prospects, and we continuously refine the programme to improve outcomes.

At TII, we embrace excellence and community, empowering our graduates to confidently pursue job opportunities. We also provide valuable guest speakers during the four-week face-to-face training. As a signatory of The Education (Pastoral Care of Tertiary and International Learners) Code of Practice, we maintain a 'Culture of Care,' supporting all learners on their job-seeking journey.

PŪMANAWA: WHANAU ALTERNATIVE EDUCATION PROGRAMME

At Talent International Institute, we proudly offer the Pūmanawa Whanau Alternative Education Programme, designed to support students facing challenges in traditional educational settings. Provided on behalf of the Ministry of Education, this programme has a strong track record of improving student attendance, literacy, numeracy, and well-being.

Pūmanawa offers a temporary alternative learning environment, focusing on goal setting, literacy, numeracy, special interests, and earning NCEA credits. The programme runs weekly and aims for successful reintegration into mainstream education, placement in tertiary courses, or employment.

We are committed to fostering educational success and personal growth for every student through Pūmanawa.

STUDY SUPPORT CENTRE (SSC)

Our free (for NZ citizens and residents) after-school programme is designed to support students in Years 1 to 8 by enhancing literacy, numeracy, and social skills.

Offered twice a week during school terms, the programme provides targeted assistance for students who need extra help in these areas.

The curriculum includes core sessions in Maths, Communication, and Arts, with evaluations and feedback opportunities throughout the term.

1-8

TUITION CENTRE

Welcome to the Talent International Institute's Tuition Centre, where learning meets flexibility and excellence. Our centre is dedicated to providing a diverse range of educational opportunities tailored to fit your busy schedule. With flexible study options, including after-school and weekend classes, we ensure that you can pursue your academic goals without compromising your other commitments.

At our centrally located campus, you will have the chance to learn from highly passionate and skilled educators who are experts in their fields. Whether you are looking to improve your English, master Math, or dive into the fascinating world of Mandarin, our comprehensive curriculum is designed to extend your knowledge and ignite your curiosity. We also offer a variety of other interesting topics to cater to your unique interests and academic needs.

Our beautiful campus provides an inspiring environment that fosters learning and growth. With state-of-the-art facilities and a supportive community, the Talent International Institute Tuition Centre is the perfect place to achieve your educational aspirations. Join us and experience the difference that dedicated teaching, and a flexible learning schedule can make in your academic journey.

My child was quite nervous at first and didn't talk much, but with the patient guidance from the teachers and interactions with other kids, Ava has gradually become more lively and can now independently speak English sentences. I am very grateful to the teachers and TII.

~ Ava's Dad, China

AFTER-SCHOOL ENGLISH PROGRAMME

This tailored programme is designed specifically for ESOL (English for Speakers of Other Languages) students to enhance their overall English proficiency in speaking, listening, reading, and writing.

Conducted after regular school hours, it offers targeted instruction based on each student's unique needs and language challenges. Through personalised lesson plans and carefully structured activities, students will build confidence and improve their skills. The programme also includes appropriate homework assignments to reinforce learning and ensure steady progress.

BREAK DANCE PROGRAMME

The Break Dance Programme offers students an energetic and creative outlet, combining physical movement with artistic expression. In this dynamic after-school course, students will learn foundational breakdance techniques while building coordination, flexibility, and self-confidence.

Designed for all skill levels, the programme encourages creativity and teamwork, making it both fun and engaging. By the end of the programme, students will have developed a strong sense of rhythm and personal style in their dance movements.

SCHOOL HOLIDAY PROGRAMME

TII's School Holiday Programme provides a full-day, well-rounded, enriching experience for students during the holiday break, giving parents peace of mind while they are at work.

This programme combines exciting activities with educational learning, allowing students to explore subjects like English, mathematics, sports and the arts in a fun, interactive way.

Children will spend their time productively in a safe and supportive environment, where they will have the opportunity to learn, play, and make new friends, ensuring a memorable and engaging holiday experience.

INTERNATIONAL AND DOMESTIC PARTNERSHIPS

Talent International Institute (TII) has developed strong international and domestic partnerships that offer students academic pathways and industry connections.

TII has signed MOUs with leading Chinese institutions, including Tianjin Bohai Vocational Technical College and Tianjin Medical College, enabling student mobility through study tours and articulation agreements.

Recognized by the Chinese Ministry of Education through the CSCSE (Chinese Service Center for Scholarly Exchange), TII is listed on the OCES (Overseas Credentials Evaluations Service) Institutions, providing globally recognized programs and pathways for Chinese students.

In collaboration with Education New Zealand and Christchurch Educated, TII continues to uphold international standards in education.

Domestically, TII partners with the Ministry of Education for alternative education and Study Support Centre (SSC) and the Ministry of Social Development for the Skills for Industry (SFI) program. Tii is also a member of ITENZ a peak body organisation representing our interests to government and other government agencies.

TII ensures all programs meet the highest quality standards. Through industry partnerships with Huadu International, Platform Constructions, NZIQS, and NZIOB, TII connects students to professional networks in construction and beyond, ensuring practical experience and career-ready skills.

These partnerships allow TII to provide a comprehensive, internationally connected education that equips students for global success.

WELL-BEING & ACCOMMODATION

At TII, we prioritise the well-being of our students. Since 2003, we have been a signatory to the Education (Pastoral Care of Tertiary and International Learners) Code of Practice, which establishes welfare and safety standards for all students.

New Zealand is one of the few countries in the world that has a legal well-being system in place, providing students and parents with confidence that student well-being is effectively managed throughout their stay. Specific regulations are in place for students under 18, and further details can be provided upon request.

TII also offers a range of additional services to support our students. We can help arrange medical and travel insurance coverage that starts from the moment you embark on your journey to New Zealand. These comprehensive insurance providers offer peace of mind and protection during your study period. Details and costs for insurance coverage can be provided upon request.

ACCOMMODATION OPTIONS

We can assist with arranging accommodations and airport pickup services for your arrival in Christchurch. Please let us know if you require any assistance in these areas.

HOMESTAY

Enjoy comfortable and safe accommodation with friendly hosts through our partnership with NZ Homestays. Stay with a Kiwi family and enjoy a room with meal plan options. This is a great and cost-effective way to start your NZ life.

New Zealand Homestay (NZH) offers safe, affordable and comfortable accommodation for international students studying in New Zealand.

NZH's world-class homestay standards include a home inspection, interview and background check for hosts and a unique preference-based matching system to connect you with the best host. The welcoming hosts provide the feeling and support of home so you can settle in faster and become familiar with the Kiwi culture, climate and lifestyle.

Choose from a range of flexible packages inclusive of meals, utilities and internet access as well as 24/7 support, local orientation and homestay insurance.

Starting in 2025, prices range from \$290 to \$350 a week, depending on the meal plan you prefer, please contact us for more information.

CRANMER TERRACES

Cranmer Terraces is located in the heart of Christchurch, just steps away from Cranmer Square, Victoria Street, Hagley Park, and the Town Hall, offering an incredibly relaxed lifestyle. It's also conveniently close to Talent International Institute (TII), making it an ideal choice for students, who can enjoy an easy walk to school.

The surrounding area offers a variety of dining options and convenient amenities, ensuring that everything you need is within reach. The modern design and well-appointed amenities provide students with a comfortable and convenient living environment.

The three-story layout is a thoughtfully designed masterpiece of practicality and elegance. On the ground floor, the open-plan living area extends outdoors to a terrace, where you can bask in the afternoon sun and enjoy the scenic views of the surrounding greenery.

The kitchen exudes modern sophistication. The second and third floors host spacious bedrooms, each with its own en-suite bathroom, providing modern comforts and privacy.

This accommodation option is suitable for short term study tour/holiday programme groups where apartments sleep up to six and is priced on a night rate per apartment.

Prices for apartments start at \$300 per night.

HOW TO APPLY

Easy steps to enrol at TII in either our English language or diploma programmes.

1. CHOOSE YOUR PROGRAMME OF STUDY

Begin by selecting the programme you wish to enrol in, either an English Language course or a Diploma programme.

2. COMPLETE THE TII APPLICATION FORM

Fill out the TII application form accurately and completely. Ensure all sections are filled out before proceeding to the next steps.

3. PREPARE SUPPORTING DOCUMENTS

For English Language Programmes: Submit a copy of your passport bio (photo) page along with any previous English language test results.

For Diploma Programmes: Submit a copy of your passport bio (photo) page, a copy of your high school diploma or tertiary qualifications, academic transcript and any previous English language test results.

Please refer to our website for the latest and most up to date fees.

You can directly enrol with TII by downloading and completing the Enrolment Form available on our website: www.tii.ac.nz

Or scan the QR Code

We will work with you to ensure we have all the necessary information required to consider your application. If you prefer, we can also provide details of Educational Agents contracted to TII who can assist you. Please reach out to us, and we can advise you on the closest Agents to your home location.

4. ASSESSMENT AND OFFER OF PLACE

The admissions team will review your application. If your application is successful, you will receive an Offer of Place, which may be conditional if further documents or information are required. Applications will be assessed within 2 working days.

5. RECEIVING AN OFFER

Satisfy Conditions (if applicable)

If the Offer of Place is conditional, ensure all conditions are met and submit any additional documents as requested.

Receive Unconditional Offer

Once all conditions are satisfied, an Unconditional Offer of Place will be issued. You will use this offer to apply for your student visa.

By following these steps, you will ensure a smooth enrolment process at TII. For any queries or assistance, please contact our admissions team.

Each enrolment incurs an Enrolment fee of \$390 which is broken down into the following:

- Administration fee \$200
- Resource fee \$150
- Public trust account fee \$40

Note all student MUST have medical and travel insurance and this ranges from \$350 for 6 months to \$600 for one academic year.

SCHOLARSHIP

\$3000
merit scholarship

24/25
intakes

TII is offering a NZD \$3,000 Partial Merit Scholarship for the New Zealand Diploma in Construction.

To be eligible, applicants must have completed high school (year 12) with a B average and have an IELTS overall band score of 6.5 or equivalent (PTE 58).

The scholarship is available for the 2024 and 2025 intakes, with all applications automatically assessed upon submission.

IMPORTANT INFORMATION

CODE OF PRACTICE

TII is a signatory to the Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021. This Code sets minimum standards of advice and care that you can expect as a student. It also provides clear guidance on what to do if you are unhappy and who to contact.

For further details on the Code, scan the QR code and visit.

TII has a diverse student body. These students are taught and supported by a dedicated team of high-quality, experienced, and qualified academic and student services staff. TII places a high emphasis on providing pastoral care to both domestic and international students.

OFFSHORE DELIVERY

TII is approved by NZQA to offer a range of English Programmes online to clients offshore. If you're interested in joining any of our courses or would like to learn more, please contact us at info@tii.ac.nz.

STUDYING IN NEW ZEALAND

New Zealand is an exceptional country to live and study in. To find out more about our education system and lifestyle, you can visit the following government websites:

- <https://www.studywithnewzealand.govt.nz/en>
- <https://naumainz.studyinnewzealand.govt.nz>

IMMIGRATION

For information on eligibility and advice on study and work rights while in New Zealand, you can visit the Immigration New Zealand website at www.immigration.govt.nz.

COST OF LIVING

As per Immigration New Zealand, students are required to have a minimum amount of funds available per month to cover living costs. Christchurch offers lower living costs compared to Wellington, Hamilton, or Auckland, making it a great value. Depending on your visa conditions, you may be eligible to work up to 20 hours per week while studying, and full-time during holiday periods. Please refer to your visa for detailed information.

HEALTH COVER

Unless you are injured in an accident, most international students will not have access to public health services in New Zealand. Therefore, it is mandatory to have Travel and Medical Insurance while you are in the country. TII can help arrange a policy for you, or you can obtain one in your home country. There are minimum coverage terms that are required. Feel free to send us an email if you have any questions about coverage.

TII's practical approach to learning construction management impressed me. The well-qualified teachers bring real-life experience, guiding us in career preparation and immigration.

~ Nitish, India (NZ Diploma in Construction - Construction Management)

PASTORAL CARE AND STUDENT SUPPORT

At Talent International Institute (TII), we believe that student success goes beyond academic achievement. Our comprehensive pastoral care services are designed to ensure that international students feel supported, both personally and academically, from the moment they arrive in New Zealand.

Our dedicated International Student Adviser is on hand to provide guidance and assist students as they navigate the challenges of studying abroad.

TII is committed to creating a culture of care, fostering a welcoming and supportive environment for all students. We understand that transitioning to a new country can be overwhelming, which is why our pastoral care services cover a wide range of areas, including academic guidance, health and well-being support, and cultural integration. Our team works closely with students to provide personalized advice, helping them adjust to life in New Zealand and succeed in their studies.

In addition to academic support, TII offers resources for mental health and well-being, ensuring that students have access to counseling services and peer support networks. We encourage open communication and are here to listen to students' concerns, whether they are academic, personal, or emotional. Our goal is to create a nurturing atmosphere where students feel empowered to thrive both in and out of the classroom.

With a strong focus on holistic care, TII ensures that international students are fully equipped to succeed in their studies and enjoy a fulfilling experience in New Zealand. From the moment students join our institute, they are part of a community that values their well-being and success.
